Tax & Water Bills:	<input type="checkbox"/> Paid <input type="checkbox"/> Not Paid in Full		Amount Owed: \$ _____		
Cashier's Signature:					

Checklist for Downtown Sidewalk Café License

Instructions:

All sidewalk café licenses require a detailed sidewalk café plan. The plan must, at a minimum, include the following:

1. The plan must cover the entire area between the curb and the building, including the curb line and building wall.
2. The plan must show all existing and proposed obstructions in this area, i.e., trees, tree grates, fire hydrants, benches, parking meters, light posts, bicycle racks, proposed railing location and seating plan, other sidewalk cafés, etc.
3. The seating must identify each table and chair.
4. A detailed elevation of the railing design must be shown. All railings must be held in place securely by base plates with 4 anchors in each plate threaded into expansion type anchors in the sidewalk. Railing anchors, once established, cannot be moved to new locations in the sidewalk. All handrail base plates must be anchored into the same holes every year. At hand rail anchor locations with brick pavers, the anchoring device must extend below the brick pavers and be anchored into either a concrete base or an installed concrete foundation. The City will inspect all cafés at the end of each season. Any additional holes, other than the ones designated for the railing anchors (a maximum 4 each per post), or damaged sidewalk / streetscape, must be repaired by the café owner per the city's specifications before another season begins.
5. The building wall shall identify all doors, windows, and other openings, as well as any building feature requiring emergency access.
6. The entire plan shall be dimensioned and drawn to an engineer's or architect's scale.
7. The plan must be sealed by a registered engineer or architect.

Informational Items:

1. A minimum clearance of 5 feet shall be maintained between all obstructions and the proposed café railing.
2. A minimum clearance of 7 feet shall be maintained between the sidewalk and the bottom edge of canopies or table umbrellas. The outer edge of table umbrellas must remain at least 6 inches inside the café railing. No objects may project beyond the café railing.
3. The term of the agreement or season shall be **April 15th – October 31st** of each year.
4. Annual renewal is required for all sidewalk cafés.
5. Insurance is required for the time frame of the license (attach certificate).
6. All license agreements are subject to Royal Oak City Commission approval and renewal.
7. Outside service approval from the Michigan Liquor Control Commission is required, if applicable.
8. Incomplete applications will **NOT** be accepted.
